

## Profile

Sportsmen's Tennis Club (STC) boasts seven indoor courts and seven outdoor courts, all built to US Tennis Association (USTA) specifications. The Club is on a 4 acre lot with off-street parking.

### Programs:

STC offers a full-range of USTA-certified programs, including private and group lessons, clinics, recreational, competitive and tournament play for adults and children as young as 4. Our after-school programs combine tennis lessons with social and academic skill building; our summer and vacation camps are known throughout the community.

### Competitive Play:

STC offers Challenger, Challenger Prep, Excellence and the Optimum Training Program for those young players interested in developing their competitive abilities.

### Tournaments:

STC is proud to host the USTA Women's Pro Circuit \$50K Challenger tournament every summer, the last qualifier for the US Open. We also host the Industry and Community Investing in Children Tournament (ICIC), Sportsmen's Family Classic, Labor Day Weekend Doubles Tournament, the Senior Olympics, the Mayor's Cup, and 15 to 20 USTA Junior's tournaments annually. With 14 available courts, we are able to create and host tournaments specifically designed for any group, industry or demographic.

### Accessibility:

STC is open seven days a week, and offers the lowest rates of any tennis center in the greater Boston area. We provide racquets and balls to low-income youth, and partner with numerous local agencies to make instructional, competitive and recreational tennis available to anyone interested in learning or improving their game.

### Contact Us:

To join, support or visit the Club, contact Toni Wiley, Executive Director, at 617-288-9092, or at [T.Wiley@sportsmentennisclub.org](mailto:T.Wiley@sportsmentennisclub.org).
