

In Partnership With...

MATHPower: Promoting the Learning of Advanced Mathematics in Urban Schools

Present:

MATH*STARS:

*Be Fit, Be Smart,
Be ready for College!*

PROGRAM DESCRIPTION:

MathPower at Northeastern University is a non-profit organization that prepares students to achieve competency in advanced mathematics. *Sportsmen's Tennis Club* has added MathPower to our after-school program, *Serve & Return*, which offers a combination of literacy courses, homework assistance and tennis instruction. More than a drop-in center, the program develops students' reading, writing, and math skills in addition to assuring homework completion. Students can come to the Club immediately after school, and will have a combination of academic instruction and tennis lessons between 3 and 6 PM Monday through Thursday, with tennis matches and other activities on Fridays.

COSTS:

MathPower has received a grant that will help underwrite the costs of the Program for the first two years. Parents will be asked to contribute \$50 plus the cost of tennis lessons for each eight week session. Children will receive 72 hours of academic instruction, 24 hours of tennis instruction, and 8 fun Friday evening programs. Students should plan to attend all five sessions throughout the school year for maximum gain. Financial assistance is available from Sportsmen's Tennis Club for qualified students.

SESSIONS:

- Session I Sept 8th - Nov. 1st*
- Session II Nov. 3rd - Dec. 23rd*
- Session III Jan. 5th - Mar. 7th*
- Session IV Mar. 9th - May 9th*
- Extension May 11th - June 19th*
